EMERGENCY DISMISSAL PROCEDURES

There may be times during the school year that we will need to dismiss school early due to bad weather. Announcements of early dismissal will be made via the SCHOOL MESSENGER messaging system, and on the Springfield television and radio stations. ***THESE MEDIA ARE ALWAYS NOTIFIED IMMEDIATELY AFTER A DECISION IS MADE ON SCHOOL CLOSING.*** All irregular dismissals will be given as much advance notice as is possible. When you suspect that school may dismiss early due to bad weather, you need only tune to one of these stations and listen for the announcement, or wait for the SCHOOL MESSENGER call. If you do not hear an announcement, school will be in session for the entire day. Please refer to the following paragraph for a description of the SCHOOL MESSENGER system.

***PLEASE... Do not call the school to ask if school is closing early.
Such calls tie up the phone lines and make it impossible to handle school business.***

SCHOOL MESSENGER:

Keeping you informed is a top priority at Marshfield R-1 School District. That's why we have adopted the SCHOOL MESSENGER Notification Service which will allow us to send a telephone call, e-mail or text message to you providing important information about school events or emergencies. We use SCHOOL MESSENGER to notify you of school delays or cancellations due to inclement weather, as well as remind you about various events, including report card distribution, open house, field trips, etc. In the event of an emergency at school, you can have peace of mind knowing that you will be informed immediately by phone.

The successful delivery of information is dependent upon accurate contact information for each student, so please make certain that we have your most current phone numbers. If this information changes during the year, please let us know immediately.

EMERGENCY DRILL PROCEDURES

Regular drills are held throughout the school year to maintain a level of preparedness in case of actual emergencies. These drills consist of: FIRE, TORNADO, INTRUDER and EARTHQUAKE. Drills should be conducted as if an emergency really exists. Occasionally exits will be blocked to force use of alternate exits as a practice exercise.

This review may include areas such as age, previous retention, health problems and other factors.

Seventh grade students with committee approval may make up to eight points needed for promotion by the successful completion of classes during summer school. These students shall automatically be referred to the At-Risk program at the Jr. High.

Eighth grade students with committee approval may make up to eight points needed for promotion by the successful completion of classes during summer school. These students shall automatically be referred to the At-Risk program at the High School.

ATTENDANCE POLICY

Regular attendance in school is necessary for students to reach their maximum potential. Regular attendance and effort lead to better grades, higher levels of achievement and improved self-esteem.

In addition, regular attendance is required by law for all children ages 7 to 17. Missouri Statute 167.031 states every parent or guardian of a child ages seven to seventeen is responsible for that child's attendance in an academic program on a regular basis. Non-attendance by such child may cause legal action against the parent or guardian or child.

Parents should notify by phone the Junior High office (859-2120 ext. 6) the day their child is to miss school. Prior notification is preferred for such things as appointments, funerals or family vacations. Each absence will be looked at individually in deciding whether it was excused or not excused. Doctor's/dentist's/counselor's/etc. will be verified absences. If the school is not notified, the school will attempt to contact the parent/guardian to verify the absence. Planned prolonged absences (ex. Family reasons) need to be discussed with the principal in advance of the absence.

Attendance shall be taken every period during a school day. Each period will count against total attendance of a student (seven periods equaling one day). After five (5) and ten (10) days of absence, the parent/guardian will receive a letter from the school confirming the days of absence and reminding them of the attendance policy. After fifteen (15) days of absence (where there is little or no documentation to substantiate/verify the absences), the parent/guardian will be notified by letter from the Principal and contact will be made with the Division of Youth Services or the Prosecuting Attorney's office for assistance to remedy the problem of regular attendance. Excessive absenteeism may be taken into consideration with the promotion/retention of students.

When returning to school from an absence a student should have a note of explanation from the parent unless previously verified. The student will be allowed a minimum of two days to make up any assignments missed during absences, but must return the work on the date specified by the individual teachers. A lowered grade may result in work turned in late.

If a student is to leave school early, he/she must be picked up by the parent/guardian or a person specified by the parent/guardian (**student security ID number needed**). This person must sign the student out at the Junior High office. A student that arrives late to school will be counted tardy unless he/she arrives after 8:50 am.

ATTENDANCE REQUIREMENT FOR EXTRACURRICULAR ACTIVITIES

A student who wishes to practice or participate in extra-curricular activities must be in **attendance the entire day unless excused by the school in advance**. For Saturday participation the student must be in attendance the entire day on Friday. To get an absence excused in advance the student's parent should send a note to school or contact the office in person or by phone prior to the absence. The parent or guardian must explain reasons for the impending absence. Students absent from school because of illness, injury or suspension are not eligible to attend after-school or nighttime activities.

PROGRESS REPORTS/GRADING CYCLE

Progress reports are sent home (via email or mail) every three weeks. At the junior high level everything is based on quarter/term grades (every 9 weeks). This includes promotion/retention, athletic eligibility and awards.

SCHEDULE CHANGES

Most junior high classes are required and cannot be changed. The elective classes are arranged according to student request, class sizes and availability. Having this option and a lack of seating for many elective courses, change for electives is very difficult. In order for a change to be considered, the student must bring the counselor a note from a parent or guardian requesting the change and stating the reasons for the change. No changes will be made without the consent of the counselor and principal. **Moving from a core class during the school year will be very difficult and almost always not allowed.**

POSSIBLE DISCIPLINARY ACTIONS

- **Classroom teachers** will hold a conference and go through his/her individual classroom discipline. If the offense is extreme or actions continue then a referral will be sent to the office.
- **Office Referrals**
 - Conference/Warning
 - Suspension from Class
 - Suspend Privileges
 - Community Service
 - Detentions: Tuesday/Thursday (one-hour after school at the junior high)
 - Special Situations (i.e. Lunch detention or Lunch clean-up duty)
 - In-School-Suspension (ISS) ****NO LIMITS ON DAYS ASSIGNED****

Conferences will be held in person with the student(s) and one or more school officials. During the conference, the student must agree to correct his/her behavior.

Parent Involvement will occur for all cases through written or verbal notification. A conference may be conducted involving student(s), parents, appropriate school officials and any other individuals concerned.

General Disciplinary Measures for students may include: (1) suspension from one or more classes while remaining at school during these class periods, or (2) serving extra time either before or after school, or (3) having privileges suspended, or (4) serving community service.

After School Detention for students will be assigned for certain offenses. The Junior High has a one-hour detention directly after school every Tuesday and Thursday that is supervised by a faculty member. Students attending these detentions are required to be quiet and do class work.

In-School-Suspension students will be at school, but separated from his/her peers. The student will work on assigned classroom activities. Failure to follow "ISS" rules will result in additional "ISS" days and/or Out-of-School Suspension. **Students receive 100% of all completed work, unless the assigned work was already late (teacher discretion).**

Short-Term Suspension (up to 10 days) students are informed he/she is subject to suspension and offered appropriate due process. Short-term suspensions are given by building administration by the authority of the Marshfield Board of Education. Any such suspension must be immediately put into written form and reported to the superintendent, who may revoke the suspension in part or in full. In the event of an appeal to the board of education, the superintendent shall promptly transmit a full report, in writing, to the board of education. This report shall contain a full report of the facts relating to the suspension, the action taken, and the reasons for the action. The Board of Education, upon request, shall grant a hearing to the appealing party. During "OSS", students may not take part in school functions and are not allowed on school property.

Long-Term Suspension (up to 90 days): The Board of Education authorizes the superintendent to suspend students for a period not to exceed "90" school days. In case of a suspension by the Superintendent for a period exceeding "10" days, the student, or his/her parents or legal guardian, may appeal the decision to the Marshfield Board of Education. This may be done through the Superintendent of Schools. **Students will not get any credit for work assigned during short or long-term suspension.**

DUE PROCESS

- The pupil shall be given oral or written notice of the charges against him/her.
- If the pupil denies the charges, he shall be given an oral or written explanation of the facts that form the basis of the proposed suspension.
- The pupil shall be given an opportunity to present his/her version of the incident.
- In the event of a suspension for more than 10 days, where the pupil gives notice that he/she wishes to appeal the suspension to the Marshfield Board of Education, the suspension shall be stayed until the board of education renders its decision, unless in the judgment of the

superintendent of schools, the pupil's presence poses a continuing danger to persons or property, or an ongoing threat of disrupting the academic process, in which case the pupil may be immediately removed from school property. The notice and hearing shall follow as soon as practicable.

Expulsion: The Board of Education has the authority through majority vote to expel any student from school. Reasons for being expelled are if the student has shown conduct which is prejudicial to good order and discipline in the schools or which tends to impair the morale or good conduct of the pupils. The student is informed that he/she is subject to expulsion and then afforded the appropriate due process procedure. If the Superintendent of Schools determines that the expulsion is appropriate, he/she will make that recommendation to the Board of Education.

The following rules and regulations shall apply to disciplinary situations in which expulsion is utilized. Expulsion, as used herein, shall refer to the exclusion of pupils from school.

- Expulsion from school shall be utilized only as a last resort method of discipline.
- Only the Marshfield Board of Education has the authority to expel students from school.

 - B. If the pupil denies the charges, he/she shall be given a written explanation of the facts, which form the basis of the proposed expulsion within 72 hours.
 - C. The pupil and parent(s)/guardian(s) shall be given written notice 10 days prior to the board meeting and opportunity to present to the board their version.
 - D. The expulsion shall be stayed until the board renders its decision, unless in the judgment of the superintendent of schools the pupil's presence poses a continuing danger to person or property, or is a threat to disrupting the academic process, in which case the student may be immediately removed from school.
 - E. Procedures of all formal hearings will be conducted according to those outlined in the district policies or state law.
- Expelled students may be readmitted only by the Marshfield Board of Education and according to the prescribed manner set forth by it.

STUDENT COMPLAINTS AND GRIEVANCES

Any act deemed unfair, unjust or in violation of pertinent policies of the School Board or individual school rules may be appealed upon request using the following guidelines:

- Principals schedule a conference with student and whoever else is involved to try and solve the problem. Parents may be involved or scheduled for a later conference.

- If the problem is not resolved to student or parent satisfaction, a request may be submitted for a conference with the superintendent. The superintendent shall arrange a conference to consider the problem, and to inform participants of the action that will be taken.
- If the student and/or parents/guardians are not satisfied they may submit a written request to appear before the Board of Education. Unless required by law, a hearing will be at the discretion of the Board of Education. The decision of the Board of Education is final.

DISCIPLINARY CODE OF CONDUCT

The Student Code of Conduct is designed to foster student responsibility, respect for the rights of others, and to ensure the orderly operation of district schools. No code can be expected to list each and every offense that may result in the use of disciplinary action. However, it is the purpose of this code to list certain offenses that, if committed by a student, will result in the imposition of a specific penalty.

Any violations of law are reported to local enforcement agencies. Misdemeanors will be reported following completion of due process. Felonies are reported immediately.

Students who have a suspension assigned are to remain off of school property during the suspension. To be present on school property will be considered a violation of trespassing and will be reported to law enforcement agencies.

Marshfield Schools provides daily transportation to and from school for a large percentage of our student population. The driver will make every effort to be consistent with their pick-up and let-off times. He/she will operate the bus on the route as approved by the Board of Education. Do not ask him/her to change the route. If you have questions concerning the route, contact Mr. Alan Thomas, the Assistant Superintendent of Schools. His office is in the superintendent's office.

We expect our junior high students to act in an appropriate manner any time they are on a school bus. This includes following individual bus rules and school rules. One person, the driver, is responsible for getting students to and from school in a safe manner. We leave bus referrals to driver discretion. The drivers are in charge and know when a distraction or rule infraction occurs.

We expect the students to follow the rules set forth by our school district and the bus driver. These rules are posted by each driver and may include safety hazards, disruptive noises, littering, eating on the bus, candy on the bus, and so on. Any destruction of district-owned or contracted buses shall be handled as destruction of school property with cost reimbursement necessary along with a discipline action. Discipline for the referrals will be handed out by the building administration. This may include warnings, detention, ISS or OSS. **Also, for each referral, a suspension from bus privileges may occur. (See discipline Code 1270 for discipline action)**

MARSHFIELD R-1 POLICY SECTION

STUDENT DRESS CODE

A student should be clean and well-groomed at all times. For proper dress, a student's clothes should be simple, neat, clean, not too tight, not too loose, safe, practical, in good taste, and easy to manage. As an example students should not wear pants that sag or tops with spaghetti straps or shorts that are shorter than mid-thigh. Shorts are to be mid-thigh, on all sides of the thigh. This, many times, is longer than fingertip. Tank tops must have two inch band over the shoulder and low cut out sleeves are not allowed. All undergarments must be covered even if the shirt meets dress code. Tight fitting tanks are also not allowed without something over them. In addition, the following is not allowed: halter or low cut tops, spaghetti straps, bare midriffs, pajamas nor house shoes.

Headgear, including bandanas, will not be worn inside the buildings. Undue exposure, such as midriffs, is not acceptable. Undergarments should not be exposed. Additionally, articles of clothing promoting the use of tobacco, alcohol, or drugs will be prohibited, as well as lewd, double-meaning, or inappropriate phrases, characters, or drawings. All classrooms are air-conditioned so students should be comfortable in clothing that meets the dress code. The dress code helps provide a distraction free and harassment free environment.

When, in the judgment of the Assistant Principal, a student goes against the aforementioned rules that student must correct the problem (as deemed appropriate by administration) or go home. Continual issues in regards to dress code will cause disciplinary action. **Insubordination, p. 20 of this handbook.**

4. Do not share your combination with other students.
5. **You are to use only the locker assigned to you. If you would like to move lockers it is essential you go through the office.**
6. Keep your locker clean and neat. They will be inspected periodically.
7. Do not place items in the locker that are too large to fit properly. Instruments need to be taken to the band room in the mornings. Athletic bags need to be taken to the athletic locker room.

8. Do not force the door open or closed.
9. Do not glue or tape anything to the inside or the outside of the locker. These will be removed.
10. Report problems with lock or locker to the office promptly.

ONLY NEEDED ITEMS TO BE BROUGHT TO SCHOOL

If an item is not needed at school, it should not be brought to school. Items that are not to be brought to school include any items prohibited by the discipline code including (but not limited to): weapons, drugs, drug paraphernalia, alcohol, matches, lighters, tobacco, knives, water guns and other squirting devices, artificial noise makers, fireworks (including snapping pops and similar devices), pea shooters, rubber bands, etc.

You should not bring valuable items on the bus or to the school buildings. Their safety cannot be guaranteed. These items include cell phones, i-pods, etc. If these items are brought they need to be left in lockers and the ringer off. Private music devices are fine in the hall but a teacher must approve use in the classroom. If any of these items are used inappropriately or distractingly or cause a problem they will be taken and privileges will be revoked. A teacher has every right to allow these or not to allow these items. But use of these in the classroom, without teacher permission, will result in the confiscation of the item. Please do not bring large amounts of money, expensive jewelry, or any other valuable item to school. **The school is not responsible for any of these items.**

GYM BAGS/BACK PACKS

Items used to carry books and clothes to school will not be allowed out of the lockers during the school day. They may be brought to school, but they must be put up when the students are released to go to their lockers in the morning.

HATS/CAPS/OTHER HEADGEAR

As soon as a student enters the junior high building he/she must remove any headgear. **The headgear may not be carried around the building during the school day.** Instead, it must be put into the student's locker and kept there during the school day.

GUM AND CANDY

We realize that students will have gum/candy at school every so often and simply ask that they throw away any paper/plastic associated with the gum/candy and any unwanted gum/candy. It is not the responsibility of the teachers or custodians to pick up after the students so it would be very much appreciated if students take of this themselves.

OPEN CONTAINERS

Marshfield Junior High has drink and snack machines that will be open to the students before school, after the buses leave and for special occasions. These items should only be consumed in the cafeteria during school hours. Students will be allowed to carry the drinks to their lockers as long as the lid is on. The student then may retrieve the drink or snack from his/her locker to be consumed in the cafeteria during lunch or taken home after school. Teachers have the right to tell students to put the items in their lockers or take the item if the problem persists. Outside drinks without permanent lids will be taken or the student will be asked to finish it quickly. Items taken will not be given back to the student; but, instead, thrown away.

SEXUAL HARASSMENT OF STUDENTS

Sexual harassment of students by employees or other students is strictly prohibited in the Marshfield R-1 School District. Sexual harassment is defined as unwelcome sexual advances, requests for sexual favors, or other verbal or physical conduct of a sexual nature when:

1. Submission to such conduct is made either explicitly or implicitly a term or condition of a student's academic status or progress; or
2. Submission to or rejection of such conduct by a student is used as the basis for evaluating the student's performance within a course of study or other school-related activity; or
3. Such a conduct has the purpose or effect of unreasonably interfering with a student's educational performance or creating an intimidating, hostile or offensive educational environment.

BUYING, SELLING, AND TRADING PROHIBITED AT SCHOOL AND ON THE BUS

Individual students are not allowed to sell, buy, or trade items at school. School groups and community-wide non-profit youth groups may sell items at school provided they receive prior approval from the principal. When parents bring in lunch for a child or group it needs to be delivered by a parent close to the time those students will be eating lunch. If it is delivered it must be paid for in advance. PLEASE, no drinks without permanent lids.

SOCIALS/PARTIES

We will have one large end of the year celebration. During this day students will be allowed to socialize, play games and watch movies for the day.

INTERSCHOLASTIC ACTIVITIES

7th and 8th grade boys/girls may participate in interscholastic basketball, cheerleading, cross-country, football, girls softball, track and wrestling. A student participating in athletics must furnish the school a report of a physical examination on a MSHSAA approved form. This exam is invalid after one full year unless received after February 1 of the previous school year. These forms are available in the office. These forms must be turned in to the coach prior to the student starting practice. Also, proof of insurance must be turned in prior to participation. The school provides catastrophic insurance, but is very limited. You can purchase KIDGUARD which is cheap and quite good. These forms are in the office. All needed equipment is provided except for shoes.

ELIGIBILITY FOR ATHLETICS/EXTRA-CURRICULAR ACTIVITIES

Marshfield Junior High School is a member of the Missouri Interscholastic Activities Association and will meet all of the requirements of the association. All students promoted to seventh grade are eligible for interscholastic participation during the fall semester. Subsequent eligibility requires students to pass five classes in the semester prior to the semester of participation to remain eligible for interscholastic participation. Good citizenship is another requirement.

Students choosing to participate in junior high or high school activities/athletics representing Marshfield R-1 Schools are subject to the guidelines of the random drug testing policy. Each student wishing to participate will be required to complete a consent form and return it to the junior high school office within the first ten days of school. Any newly enrolling student and the parent/guardian will have ten days from the date of enrollment to sign and return a consent form. Any student not completing the consent form and returning it within the prescribed time will be ineligible to participate in extra-curricular and/or co-curricular for the school year.

Drug Testing

1. **The Extracurricular Random Drug Testing Program.**

All student athletes and students participating in extracurricular activities are required to participate in the random drug testing program at both the HS and the Jr. High. Any student found to have a controlled substance in their system pursuant to the extracurricular random drug testing program will be considered in

violation of the Extracurricular Drug Testing Program and will be subject to discipline according to that program and the discipline in that program that relates primarily to participation in extracurricular activities.

2. **Drug Testing pursuant to agreement and/or other disciplinary policy.**

Students who are drug testing pursuant to Board policy and/or students drug testing by agreement pursuant to a behavior modification agreement who are found to have a controlled substance in their system will be subject to suspension and/or expulsion from school. Such suspensions may be found to place the student in violation of student activities handbooks and/or participation rules and guidelines and where this occurs the student will not only be suspended from school but shall also be accountable for discipline related to those activities handbooks, rules and guidelines.

Discipline for violations of our drug and alcohol policies are designed to prevent such activities on our campus in order to provide for the safety of the student and to provide an appropriate environment for educational activities.

Students found to have drugs in their system pursuant to the Extracurricular Random Drug Testing Program have agreed that their participation in extracurricular activities will be impacted if they fail district approved drug tests and therefore, the failure to pass the drug tests, will be considered a violation of the Extracurricular Random Drug Testing Program only.

3. **Drugs**

Drugs shall include alcohol as well as any and all controlled substances. If a student is under the influence of any drug (referenced herein as de facto drugs), whether it is a controlled substance or not, such that it impairs or modifies his/her behavior and such that disrupts the education environment or places the using student or other students at risk of sickness, accident, physical injury, physical illness, death or dismemberment, then that student shall be in violation of our drug and alcohol discipline policies. The sale, distribution, and use of these de facto drugs shall be treated under our policies the same as the sale, distribution, and use of drugs and alcohol under district student discipline policies.

4. **Drug Violations School Disciplinary Policy – Drug Violations Per the Extracurricular Random Drug Testing Program.**

Violations of our drug and alcohol discipline policies will be considered a violation of our student activities handbooks, rules, and guidelines as those items pertain and reference drug violations and suspensions from school. Failure to pass drug tests according to standards, rules, policies and regulations found in the Extracurricular Random Drug Testing Program will result in punishment under that program and NOT pursuant to our drug and alcohol discipline policy.

PRACTICE/GAMES FOR ATHLETICS AND ACTIVITIES

Practice, bus leave times and game times for sports/activities will be held at times designated by the coach/sponsor. Students who are participating in a sport/activity will be expected to be present for the practice sessions and games. Students who do not attend school will not participate in practice or games or activities unless prior arrangements have been made through the office.

PHONE USAGE

The office phone is for emergency usage. A student must be called to the office to use the phone or have a legitimate pass from a teacher to use the phone. If it is not legitimate or a teacher has sent them with a pass, the student will sent back and could receive a tardy. The individual teacher may find it appropriate to allow a student to use the classroom phone.

HALL PASSES

Students will need to sign out of class when they are leaving during class time. On this sheet there will be a place for leave time and purpose.

PUBLIC NOTICE

All responsible public agencies are required to locate, evaluate, and identify children with disabilities who are under the jurisdiction of the agency, regardless of the severity of the disability, including children attending private schools, children who live outside the district but are attending a private school within the district, highly mobile children, such as migrant and homeless children, children who are wards of the state, and children who are suspected of having a disability and in need of special education even though they are advancing from grade to grade. The Marshfield R-1 School District assures that it will provide a free, appropriate public education (FAPE) to all eligible children with disabilities between the ages of 3 and 21 under its jurisdiction. Disabilities include autism, deaf/blindness, emotional disorders, hearing impairment and deafness, intellectual disability, multiple disabilities, orthopedic impairment, other health impairments, specific learning disabilities, speech or language impairment, traumatic brain injury, visual impairment/blindness and young child with a developmental delay.

The Marshfield R-1 School District assures that it will provide information and referral services necessary to assist the State in the implementation of early intervention services for infants and toddlers eligible for the Missouri First Steps program.

The Marshfield R-1 School District assures that personally identifiable information collected, used, or maintained by the agency for the purposes of identification, evaluation, placement or provision of FAPE of children with disabilities may be inspected and/or reviewed by their parents/guardians. Parents/guardians may request amendment to the educational record if the parent/guardian believes the record is inaccurate, misleading, or violates the privacy or other rights of their child. Parents have the right to file complaints with the U.S. Department of Education or the Missouri Department of Elementary and Secondary Education concerning alleged failures by the district to meet the requirements of the Family Educational Rights and Privacy Act (FERPA).

The Marshfield R-1 School District has developed a Local Compliance Plan for the implementation of State Regulations for the Individuals with Disabilities Education Act (IDEA). This plan contains the agency's policies and procedures regarding storage, disclosure to third parties, retention and destruction of personally identifiable information and the agency's assurances that services are provided in compliance with the General Education Provision Act (GEPA). This plan may be reviewed at the Marshfield R-1 Schools' Central Office during normal business hours Monday through Friday.

This notice will be provided in native languages as appropriate.

Missouri Department of Elementary & Secondary Education Marshfield R-1 School District NCLB COMPLAINT PROCEDURES

The Federal No Child Left Behind Act of 2001 (NCLB), Title IX Part C. Sec. 9304(a)(3)(C) requires the Missouri Department of Elementary & Secondary Education (DESE) to adopt procedures for resolving complaints regarding operations of programs authorized under the Act, including Title I, Title II, Title III, Title IV (Part A), Title V, Title VI, and Title VII and Title IX, part C.

Who May File a Complaint

Any local education agency (LEA), consortium of LEAs, organization, parent, teacher, or member of the public may file a complaint. The LEA is the Marshfield R-1 School District which is the local education agency.

Definition of a Complaint

There are both formal and informal complaint procedures.

A formal complaint must be a written, signed statement that includes:

1. an allegation that a federal statute or regulation applicable to the state educational agency (SEA) or a local education agency (LEA) program has been violated,
2. facts, including documentary evidence that supports the allegation, and
3. the specific requirement, statute, or regulation being violated.

Alternatives for Filing Complaints

It is federal and state intent that complaints are resolved at a level nearest the LEA as possible. As described below, formal complaints filed with the SEA will be forwarded to the appropriate LEA for investigation and resolution. Informal complaints made to the SEA will be subject of an initial investigation by the SEA, but will be forwarded to the LEA if a formal complaint evolves. Precise processes in both instances are described below.

Informal and Formal Complaints Received by the Local Education Agency

Informal and formal complaints filed with the LEA concerning NCLB program operations in that LEA are to be investigated and resolved by the LEA according to locally developed procedures, when at all possible. Such procedures will provide for:

1. disseminating procedures to the LEA school board,
2. central filing of procedures within the district,
3. addressing informal complaints in a prompt and courteous manner,
4. notifying the SEA within 15 days of receipt of written complaints,
5. timely investigating and processing of complaints within 30 days, with an additional 30 days if exceptional conditions exist,
6. disseminating complaint findings and resolutions to all parties to the complaint and the LEA school board. Such findings and resolutions also shall be available to parents, teachers and other members of the general public, provided by the LEA, free of charge, if requested, and
7. appealing to the Missouri Department of Elementary & Secondary Education within 15 days. Appeals to the Missouri Department of Elementary & Secondary Education will be processed according to the procedures outlined in sections below.

Informal Complaints Received by the SEA Office

Informal complaints (i.e., verbal and/or anonymous) to the SEA by individuals (who may ask not to be identified to the LEA) concerning program operations in an LEA will be investigated by the SEA, according to procedures deemed most appropriate by the SEA, within 10 days of receipt of the complaint. Findings of this investigation shall be reported to the complainant within 10 additional days. In the event that the complainant requests further investigation or a hearing, the complainant must file a signed written complaint. This formal complaint will be processed according to procedures outlined in sections below.

Formal Complaints Initially Received by the SEA Office

1. Record. Upon receipt of a written complaint, a record of the source and nature of the complaint, including the applicable program involved in the complaint, statute violated and facts on which the complaint is based, will be initiated.
2. Notification of LEA. Within 15 days of receipt of the complaint, a written communication will notify the district superintendent and the district NCLB coordinator of the complaint filed with the SEA. Upon receipt of the communication, the LEA will initiate its complaint procedures as set forth above. If the complaint is that an LEA is not providing equitable services to private school children, it also will be filed with the U.S. Secretary of Education.
3. Report by LEA. Within 20 days of receipt of the complaint, the LEA will advise the SEA of the status of the complaint resolution proceedings and, at the end of 30 days, will submit a written summary of the LEA investigation and complaint resolution. This report is considered public record and may be made available to parents, teachers, and other members of the general public. A copy of this procedure also will be filed with the U.S. Secretary of Education, if it involves equity of services to private school children.
4. Verification. Within ten days of receipt of the written summary of a complaint resolution, the DESE office will verify the resolution of the complaint through an on-site visit, letter or telephone call(s). Verification will include direct contact with the complainant. If the complaint is about equity of services to

private school children, the U.S. Secretary of Education shall also be given copies of all related communications.

Appeals

Appeal to the SEA

1. Record. Upon receipt of a written appeal to a complaint unresolved at the LEA level, a record of the source and nature of the complaint, including the applicable program involved in the complaint, statute violated and facts on which the complaint is based, will be initiated.
2. Investigation. The SEA will initiate an investigation within 10 days, which will be concluded within 30 days from receipt of the appeal. Such investigation may include a site visit if the SEA determines that an on-site investigation is necessary. By stipulation of all concerned, this investigation may be continued beyond the 30-day limit.
3. Hearing. If required by the SEA, or formally requested by parties to the complaint, this investigation will include an evidentiary hearing(s) before an SEA Division Director acting as chairperson and designated staff personnel. Conduct of such hearings will follow the procedures outlined in state rules. The hearing proceedings shall be tape recorded and the recording preserved for preparation of any transcript required on appeal.

Our district is required to inform you of certain information that you, according to The No Child Left Behind Act of 2001 (Public Law 107-110), have the right to know.

Upon your request, our district is required to provide to you in a timely manner, the following information:

- • Whether the teacher has met state qualification and licensing criteria for the grade levels and subject areas in which the teacher provides instruction.
- • Whether the teacher is teaching under emergency or other provisional status through which state qualification or licensing criteria have been waived.
- • Whether your child is provided services by paraprofessionals and, if so, their qualifications.
- • What baccalaureate degree major the teacher has and any other graduate certification or degree held by the teacher, and the field of discipline of the certification.

In addition to the information that parents may request, districts must provide to each individual parent –

- • Information on the achievement level of the parent's child in each of the state academic assessments as required under this part; and
- • Timely notice that the parent's child has been assigned, or has been taught for four or more consecutive weeks by, a teacher who is not highly qualified.

Earthquake Safety

For Missouri's Schools

The New Madrid Seismic Zone Extends 120 Miles Southward from the area of Charleston, Missouri, and Cairo, Illinois, through New Madrid and Caruthersville, following Interstate 55 to Blytheville and on down to Marked Tree, Arkansas. The NMSZ consists of a series of large, ancient faults that are buried beneath thick, soft sediments. These faults cross five state lines and cross the Mississippi River in three places and the Ohio River in two places.

The New Madrid Seismic Zone and surrounding region is Active, Averaging More than 200 Measured Events per Year (Magnitude 1.0 or greater), about 20 per month. Tremors large enough to be felt (Magnitude 2.5 – 3.0) are noted every year. The fault releases a shock of 4.0 or more, capable of local minor damage, about every 18 months. Magnitudes of 5.0 or greater occur about once per decade. They can cause significant damage and be felt in several states.

The Highest Earthquake Risk in the United States outside the West Coast is in the New Madrid Seismic Zone. Damaging temblors are not as frequent as in California, but when they do occur, the destruction covers over more than 20 times the area due to the nature of geologic materials in the region. The 1968 5.5 magnitude Dale, Illinois earthquake toppled chimneys and caused damage to unreinforced masonry in the St. Louis area, more than 100 miles from the epicenter. A 5.2 magnitude earthquake in April 2008 in southeast Illinois, did not cause damage in Missouri, but was felt across much of the state.

A Damaging Earthquake in this Area, which experts say is about a 6.0 magnitude event, occurs about once every 80 years (the last one in 1895 was centered near Charleston, Missouri). There is estimated to be a 25-40% chance for a magnitude 6.0 – 7.5 or greater earthquake along the New Madrid Seismic Zone in a 50-year period according to the U.S. Geological Survey reports. The results would be serious damage to un-reinforced masonry buildings and other structures from Memphis to St. Louis. We are certainly overdue for this type of earthquake!

A Major Earthquake in this Area - the Great New Madrid Earthquake of 1811-12 was actually a series of over 2000 shocks in five months, with several quakes believed to be a 7.0 Magnitude or higher. Eighteen of these rang church bells on the Eastern seaboard. The very land itself was destroyed in the Missouri Bootheel, making it unfit even for farming for many years. It was the largest release of seismic energy east of the Rocky Mountains in the history of the U.S. and was several times larger than the San Francisco quake of 1906.

When Will Another Great Earthquake the Size of Those in 1811-12 Happen? Several lines of research suggest that the catastrophic upheavals like those in 1811-12 visit the New Madrid region every 500-600 years. Hence, emergency planners, engineers, and seismologists do not expect a repeat of the intensity of the 1811-12 series for at least 100 years or more. However, even though the chance is remote, experts estimate the chances for a repeat earthquake of similar magnitude to the 1811-1812 New Madrid earthquakes over a 50-year period to be a 7 - 10% probability.

What Can We Do to Protect Ourselves? Education, planning, proper building construction, and preparedness are proven means to minimize earthquake losses, deaths, and injuries.

Prepare a Home Earthquake Plan

- Choose a safe place in every room--under a sturdy table or desk or against an inside wall where nothing can fall on you.
- Practice DROP, COVER AND HOLD ON at least twice a year. Drop under a sturdy desk or table, hold onto the desk or table with one hand, and protect the back of the head with the other hand. If there's no table or desk nearby, kneel on the floor against an interior wall away from windows, bookcases, or tall furniture that could fall on you and protect the back of your head with one hand and your face with the other arm.
- Choose an out-of-town family contact.
- Take a first aid class from your local Red Cross chapter. Keep your training current.
- Get training in how to use a fire extinguisher from your local fire department.
- Inform babysitters and caregivers of your plan.

Eliminate Hazards

- Consult a professional to find out additional ways you can protect your home, such as bolting the house to its foundation and other structural mitigation techniques.
- Bolt bookcases, china cabinets and other tall furniture to wall studs.
- Install strong latches on cupboards.
- Strap the water heater to wall studs.

Prepare a Disaster Supplies Kit for Home and Car

- First aid kit and essential medications.
- Canned food and can opener.
- At least three gallons of water per person.
- Protective clothing, rainwear, and bedding or sleeping bags.
- Battery-powered radio, flashlight, and extra batteries.
- Special items for infant, elderly, or disabled family members.
- Written instructions for how to turn off gas, electricity, and water if authorities advise you to do so. (Remember, you'll need a professional to turn natural gas service back on.)

- Keeping essentials, such as a flashlight and sturdy shoes, by your bedside.

Know What to Do When the Shaking BEGINS

- DROP, COVER AND HOLD ON! Move only a few steps to a nearby safe place. Stay indoors until the shaking stops and you're sure it's safe to exit. Stay away from windows.
- In a high-rise building, expect the fire alarms and sprinklers to go off during a quake.
- If you are in bed, hold on and stay there, protecting your head with a pillow.
- If you are outdoors, find a clear spot away from buildings, trees, and power lines. Drop to the ground.
- If you are in a car, slow down and drive to a clear place (as described above). Stay in the car until the shaking stops.

Know What to Do AFTER the Shaking Stops

- Check yourself for injuries. Protect yourself from further danger by putting on long pants, a long-sleeved shirt, sturdy shoes, and work gloves.
- Check others for injuries. Give first aid for serious injuries.
- Look for and extinguish small fires. Eliminate fire hazards. Turn off the gas if you smell gas or think it's leaking. (Remember, only a professional should turn it back on.)
- Listen to the radio for instructions
- Expect aftershocks. Each time you feel one, DROP, COVER, AND HOLD ON!
- Inspect your home for damage. Get everyone out if your home is unsafe.
- Use the telephone only to report life-threatening emergencies.
